RE: Letter of Reference

To whom it may concern:

We have had a number of occasions to employ the services of Area Networks over the past few years and it is my pleasure to provide this letter of reference to their prospective clients.

In the projects we have had with Area Networks, we have found them to be knowledgeable, responsive and professional. In several emergency situations, they have gone far beyond their responsibilities to provide quick and thorough support.

Some of the areas we have contracted their services in were website development and system hosting. With almost 12,000 members using our services we can not afford to take chances with an incompetent service provider and we have been well pleased with Area Networks.

If you have any questions, please feel free to contact us.

Best regards,
